SJCTPLNo.015/2019-20   01.10.2019

CIRCULAR

TCS Smart Hiring is exclusively for talented BSC, BCA and BVoc(Computer science and IT) students from the 2019 and 2020 batches. This is a once-in-a-lifetime opportunity for science students to become a part of India's most successful IT services company. Furthermore, exceptional perrformers will join TCS Ignite - TCS's unique "science to software" initiative that trains you on the latest and trending technologies like AI and AR/VR and opens up a full-fledged global IT career while also letting you pursue an MCA from SASTRA University.

Last Date for Registration: 28th October 2019

Hall Ticket   : 4th November 2019

Online Test   : 7th November 2019

Interview: : 14th November 2019 Onwards

Online Test Details:

The test will have 40 (MCQ or Fill-in-the-blank type) questions to be answered in 90 minutes. It comprises three sections - Quantiative Aptitude (15 questions, 45 minutes), Verbal Ability (15 questions, 15 minutes) and Programming Logic (10 questions, 30 minutes). The Quantiative Section will have simple questions from school-level math from topics like linear algebra, ratio and proportion, speed-distance, geometry, time and work, profit and loss, areas and volumes, coordinate geometry, probability and statistics, number systems, trigonometry, calculus and data interpretation. Verbal Ability will have simple questions covering reading comprehension, basic english grammar

and sentence construction. Programming logic will have simple questions requiring you to read and understand short code snippets in C language and identifying what the code does.
