Annual Report

17th March 2012

Respected Chief Guest and the Honourable Judge of the Madras High Court Shri B. Rajendran, Rev. Dr S. John Britto S.J., Rector and Vice-Chairman of the Governing Body, Rev. Dr A. Albert Muthumalai S.J., Secretary, Rev. Dr B. John Bosco S.J., Deputy Principal, Rev. Dr M. Xavier Arockiasamy S.J., Vice-Principal, Lay Vice-Principals, Deans, Heads of the Departments, Reverend Fathers and Brothers, Distinguished Members of the Teaching and Non-Teaching Fraternity, Retired Professors, Alumni, Alumnae, Well-wishers of the College, Members of the Press, My dear Students, Ladies and Gentlemen,

I am deeply jubilant to present to you the 168th Annual Report of St. Joseph's College (Autonomous). This is also my swan song.

Exploring the quintessence of the goal of Higher Education, John A. Hannah says, "Higher Education must lead the march back to the fundamentals of human relationships, to the old discovery, that is ever new, that person does not live by bread alone".

The global scenario is rife with animosity and violence triggered off by fundamentalism, racial and communal bigotry, gender bias, avaricious misappropriation, abuse of science and technology, and utter callousness towards the impoverished and the subaltern.

Our rockets may reach the unknown planets; our submarines may fathom the depth of the deep seas; but still the human hearts only throb with self-centeredness and hatred and the human heads are pervaded with greed and intolerance. Is Education for mere information? or for transformation? Education in St. Joseph's College is for information leading to transformation of individuals to become men and women for others. J. Martin Rlotsche, a great thinker, defines intelligence thus:

Intelligence is derived from two words - *inter and legere* - *inter* meaning between and *legere* meaning to choose. An intelligent person, therefore, is

one who has learned to choose between. Who knows that good is better than evil, that confidence should supersede fear, that love is superior to hate, that greatness is better than cruelty, forbearance than intolerance, compassion than arrogance, and that truth has more virtue than ignorance.

The Ministry of Human Resources Development (MHRD) is poised for such a socio-political and economic freedom through a plethora of developmental measures in the realm of Higher Education. The result of education must not only be fruitful to the learner but also to the Nation as a whole entity. The avowed concern of the HRD Ministry is to synergise all the regulatory bodies of Higher Education into a single authoritative body called National Commission for Higher Education and Research (NCHER). The prime objective of NCHER is to provide greater autonomy to universities and colleges in the context of providing education to “vulnerable sections with equity and inclusion.”

The need of the hour is a scholarly scientific temper with an agile inquisitive spirit, ever hungry for new knowledge with boundless creativity and matchless innovation. The focus of the MHRD to create *Innovation Universities* by transforming the potential colleges is a historic move to sustain and promote quality and excellence in the spheres of teaching, learning and research.

The Jesuit policy of strengthening and widening the prospects of the socially and economically disadvantaged first generation learners from rural background, is well wrought and efficaciously implemented by St. Joseph’s College (Autonomous) with full throttle.

Robert Frost says, “Education is the ability to listen to almost anything without losing your temper or your self-confidence”. St. Joseph’s College (Autonomous) firmly believes in generating such young minds and hearts of poise and self-confidence, ever to march towards Ignatian magis. As the Chinese proverb states, “Learning is weightless, a treasure you can always carry easily”, our students should possess and carry this weightless eternal treasure to outwit the challenges of Time and Space.

Nobel Prize winner Professor Amartya Sen talks about the rational fools, who are self-centered devoid of the sense of social concern and obligations. He quotes a couplet from William Cowper indicating the rich variances of true freedom:

Freedom has a thousand charms to show
That slaves, howe’er contented, never know.

Such a true freedom is the fruit of true education which results in the holistic formation of one’s character. Martin Luther King Jr. states, “Intelligence and character - that is the goal of true education.” St. Joseph’s College (Autonomous)

with its multi-pronged colossal efforts through SHEPHERD, Foundation Courses and through Associations of various Departments and service organizations, so that our students never become rational fools, but true ambassadors of inclusive progress, peace and love.

The National Policy of Education (1986) also envisages “the re-designing of courses of higher education to meet the increasing demands of professionalism”. NPE also defines the essence and role of Education thus:

Education has an acculturating role. It refines sensitiveness and perceptions that contribute to national cohesion, a scientific temper and independence of mind and spirit - thus furthering the goals of socialism, secularism and democracy enshrined in our Constitution.

Honourable Cabinet Minister for HRD Mr Kapil Sibal refers to the varied challenges of 21st century which are qualitatively different from those of the past. These challenges are truly global and only international dependence could bolster us to face the challenges like “food security, global warming and environment, demands on energy, water, security in physical and virtual spaces, and health care”.

RETIRING STAFF

Rev. Dr A. Sebastian SJ, a Prince of Peace!

If at all there is a phrase named ‘retirement’ in one’s life it is certainly a non-existing phenomenon in the life of Rev. Fr A. Sebastian SJ. Is there any break in the rotation of earth? That is the same with the incessant dynamic service of our Principal Rev. Dr A. Sebastian SJ. He is a majestic courageous, gentle priest of unfathomable magnanimity and immeasurable spirituality. True spirituality lies in being broad minded. Anything broad comes from God! Anything narrow comes from man. Rev. Fr A. Sebastian SJ wielded supremacy in various pedestals of power and status like the prestigious posts of Higher Education Coordinator, Secretary and Principal. He never made his subordinates feel inferior in front of him. Such is the gentle behaviour of our Principal, conforming to the definition of a gentleman by Confucius who says, “A gentleman is one who does not even think ill of another man.” Forget and forgive is his soul force! All the malicious machinations were confronted by him with a smile of prowess and an inborn profound sense of humour! Firmly anchored in divine strength, he is never tossed away by sheer human ambition. Many are honoured by posts. Only by a very few, posts are honoured! Yes, undoubtedly principal’s post is honoured by this noble priest!

The heavy mantle of piloting St Joseph’s College (Autonomous) through rough weather fell on his broad shoulders during the most crucial period in the history of this sanctified temple of learning. He accepted it with faith and integrity as the divine plan and salvaged the institution to its prime glory with his prophetic sagacity and pragmatic valour. In a short duration of two years as Principal he has tremendously inspired the teaching and the non-teaching staff and students to run several extra

miles in their journey of academic and extra-curricular accomplishments to successfully meet the challenges posed by UGC norms for Re-accreditation.

Delegating and meticulously monitoring many tasks with checks and balances is his style of functioning. This created a pleasant atmosphere of fearless freedom with integrated discipline in the campus. “Punctuality is the politeness of princes”. It is the prime virtue of our principal, who is well built like a Prince of peace physically, mentally, emotionally, socially and spiritually.

His acumen in speaking and writing is extraordinarily succinct and evocative. He is a professor of English par excellence following the footsteps of Rev. Fr Siqueira SJ, Rev. Fr Leigh SJ, Rev. Fr Lawrence Sundaram SJ and Rev. Fr George Thottungal SJ the legendary stalwarts of our Department of English.

He revitalized and augmented the potentiality of the department of English with a slew of healthy practices like Communication Club, Bibliophile Club, WOESS, Drama-Fest, Skit-Fest, WIZARD and One Semester compulsory Bridge-Course. If the department is vibrant with the innovative activities like minor projects and seminars like the National Conference on ELT on 24th Feb, 2012, is only with the unswerving support of our beloved principal. He motivated the department to spread its wings by starting SIEFL (Rev. Fr T. N. Siqueira Institute of English and other Foreign Languages) to extend the teaching of the nuances of Spoken English, Spanish, German and French to our students and other pupils, employees and house wives. His paternal and sustained encouragement culminated in the publication of **Hermes** (A Bi-annual Literary Research Journal - ISS 0975-3516 and **Pedagogue** (An Annual ESL/EFL Research Journal - ISSN 2277-7512).

His wit is almost Shavian (Bernard Shaw) propelling strong thought currents for a speedy solution with warm social concern. His sharp razor edged presence of mind helped smooth and agile decision making in all the administrative meetings, easing the climate of tension created by diffidence and ignorance of others. As a research guide he has guided more than thirty MPhil and is guiding eight PhD scholars, promoting most of our department staff into PhD scholars. He uses to call ‘a spade-a spade’ like a true Jesuit not cowed down by any leaning towards casteism, regionalism or any other fissiparous tendencies. That’s why he reigns supreme in the hearts of all of us.

Rev. Fr A. Sebastian SJ is a versatile genius and genuine Jesuit saying Mass and Rosary daily as his prime commitment. His indelible imprint as an excellent Priest, a poised Principal and as a pragmatic inspiring Professor of English and above all a true genial friend of every staff and student would linger in the history of St Joseph’s College (Autonomous) forever inspiring the present and posterity meaningfully. May God bless him with more health and alacrity to shoulder many

more challenging tasks of serving humanity as the devoted disciple of St Ignatius to valiantly march towards 'Magis' throughout his life.

It is not possible for a person to act in such a way unless he is genuine and committed. He has never been indifferent towards the student community. At the same time he insists on punctuality and consciousness among the students which sometimes students do not like at their age. All such people admired him later indicating the ethical value that they have learnt from him. His dynamic personality is admired by his students and all. RESEARCH DAY

The Research Day for the academic year 2011-12, with Pursuing Socially Relevant Research: Possibilities and Concerns as the central theme was organized on

28th January, 2012 by the Research Advisory Committee under the leadership of Dr K. Shanmuga Vadivel, Dean (Academics) and Dr P. Devanesan, Coordinator, Research Advisory Committee. The main objective of this venture is to impart to the research scholars of the college a common research orientation and thrust by way of the main theme namely pursuing socially relevant research in the context of global and national perspectives and priorities, instil in them the essentials of scientific research and to facilitate interaction with experts and fellow scholars in the discipline towards mutual enrichment. Overall, the programme is intended to fine-tune the research activities on campus and orient them towards academic excellence, social relevance and thus promote nation building.

The Research Day with participant strength of about 500 research scholars and guides was inaugurated by Rev. Dr A. Sebastian SJ, Principal. In his inaugural address, Fr Principal appealed to the research scholars to be innovative, original and make their research socially relevant and that as scholars of St. Joseph's College, they are to emulate the Jesuit vision of higher education which seeks to prepare men and women for others in society. He also reiterated that academic excellence and social relevance need to go together especially in a country like India where higher education is not accessible to the majority of citizens and where higher education is paid for by the poor through indirect taxation.

Delivering the keynote address, Dr M. Thavamani, Professor and Head, Department of Sociology, Bharathidasan University, Tiruchirapalli, elaborated on the central theme of Research Day 2012. With erudition and eloquence, Dr Thavamani dwelt on the indispensable social base of academic research in whatever area of specialization. He argued convincingly that the Scholar and the Guide need to focus on the social orientation and perspective of research which alone can contribute towards nation building.

The inaugural session was followed by the pre and post lunch sessions in various departments where subject experts interacted with the scholars on themes relevant to each discipline. For the scholars it was an opportunity to fine tune their research, integrating knowledge, innovation and social relevance. The members of the Research Advisory Committee were organized into various sub-committees to take care of invitation, registration, certificates, food and refreshments and sessions and this sharing of tasks and responsibilities resulted in the smooth and effective proceedings and the Research Day function of 2011-12 came to a successful finale with the distribution of Participation Certificates at the various Departments in the evening.

NATIONAL CONFERENCES / SEMINARS

Department of History

A two day National Seminar on **Right to Sustainable Environment - Subaltern Perspective** was organized by the PG and Research Department of History between 10th and 11th January 2012. The concept was clearly explained from rights perspective in the key address by Mr.M.G Devasahayam, former Chief Secretary of Haryana. He also emphasized that the economic development without environmental sustainability is like a roof without foundation. While subaltern groups struggle to retain this 'basic foundation', ruling elites seek to destroy it to build 'fancy roofs' in the name of 'development'. This is at the core of 'subaltern struggle' for sustainable environment. Resource persons of the seminar particularly Dr Solomon Bernard Shaw, professor of History, Mr M.A. Britto, an advocate discussed at length and initiated debates on "People at the Periphery - Victims of Global Warming" and "Livelihood Issues of the Subaltern in the New World Order." This interdisciplinary seminar very well accommodated some relevant research papers from some related departments such as Botany, Plant Biology, Bio Technology, Commerce and Economics along with History. And some of the papers, through their case studies, raised serious concerns on the topic from the point of the view of the marginalized people. Mr Chandara Sekar, co-ordinator for Environmental protection invited, through his lively sharing, the students and the academia to get involved in the process. In the valedictory address Dr Eugene Rosario from Indian Social Institute, Bangalore made the participants realized the importance of the agriculture and decline of livelihoods of the downtrodden masses particularly after the globalisation.

Department of English

Intellectual discussions coupled with the launch of a new ELT journal entitled *Pedagogue* marked the National Conference on **Reflections and Innovations in Teaching English at the Tertiary Level** organized by the PG & Research Department of English, St. Joseph's College (Autonomous), Tiruchirappalli on February 24, 2012. Delivering the inaugural address, chief guest Dr A. Joycilin Shermila, Associate Professor of English, Annammal College of Education, Tuticorin, compared and contrasted the past and the present ELT scenario, enumerating the problems of outdated syllabus, exam-oriented teaching, mixed ability groups and overcrowded classes encountered by teachers. She explicated

different emerging approaches in ELT and added that there is a dire need to revise the syllabi of ELT in accordance with the present requirements. “Appreciation of a language springs from likeness of that language”, Rector Rev. Dr S. John Britto observed, urging the teacher-participants to make the students like the English language. Rev. Dr Albert Muthumalai, Secretary, after releasing the journal and the proceedings of the conference, gratefully remembered Rev. Fr. Siqueira and Rev. Fr. Peter Francis who had served the department with an effective English language teaching. Pointing out how the influence of mother tongue becomes a major barrier to acquisition of English, Rev. Dr A. Sebastian, Principal of the college, recommended the teachers to do away with obsolete methodologies and find new ways and means to create interest among students to learn English.

In his presidential address, Dr V. Ayothi, Head of the Department of English and director of the centre of Canadian Studies, Bharathidasan University, stated that English has become an easily available commodity which is most wanted by people at global level, and he insisted that the English teachers, as facilitators of students, need to make them realize that language learning is an ongoing process and does not end in the classroom. The intellectual flavour was added to the conference with the participation of more than 150 scholars across the country. The panel discussion headed by Prof. Garnet Fernandez, dean for University & UGC affairs, was the culmination of the conference wherein the experts who chaired the parallel sessions, summarized the views of paper presenters.

The conference, which had established a platform for valuable sharing of knowledge, ideas and experiences concerning English language teaching, not only sensitized the attendees to the danger of adopting the outdated syllabi and irrelevant teaching methods but also initiated them into current trends in ELT, use of multimedia, and innovative teaching methods and techniques. One hundred and five research presentations on ten topics were made in two technical sessions held at nine venues. The conference was an eye-opener to the teachers of English to gain knowledge of various aspects of teaching English as a second language in order to help students enjoy General English classes and develop their English language proficiency, and thereby their self-confidence and interpretative abilities. Dr S. Papu Benjamin Elango, Head of the Department of English, St. Joseph’s College welcomed the gathering in the inaugural function, and Prof. Garnet Fernandez in the valedictory session. The conference was convened by Dr S. Joseph Arul Jayraj, Associate Professor of English, and coordinated by Dr John Love Joy. Prof. R. Qurshid Begum and Rev. Fr. COUNSELLING CENTRE

Counseling in St. Joseph's College, an innovative practice carried out with utmost care to nurture psychological and health among the students and staff.

It is obvious that the College boys and girls during this developmental stage of adolescence, in their anxiety to grapple with problematic situations, oscillate between healthy and unhealthy behaviors. In these untraveled areas, students, staff and parents- both voluntary and involuntary clients are given both individual and group counseling on a regular basis. Problems such as: unwarranted behaviors in the class rooms, Conflict with parents and friends, Lack of motivation, Mood disorders, Emotional issues, Self-esteem issues, Career guidance, Peer pressure, Friendships and Interpersonal living, problems related to Alcohol, Sexuality, Sleep disorders, Depression, Anxiety, Psychosomatic symptoms and Stress management etc., are dealt in individual and group counseling. Referrals are made by the Principal, Deputy Principal, and Heads of the Departments, Mentors and teachers and parents. Depending on the felt needs, the Departments are encouraged to invite the Counsellor to interact with the students and the staff. A package on "Counseling Skills" was given to the II PG HRM Students.

Mentoring Through the Year

The mentoring programme is an offshoot of Counselling where Teachers are trained to play the role of Mentors and thus help the Professional counsellor (Counseling Psychologist) to identify the candidates who need psychological help. For example, there are 57 mentors from Shift one and 35 mentors from Shift Two to assist in this process. The purpose of the programme is clearly spelt out in the Orientation programme. The counsellor introduces the work book "Mentoring through the Year" and explains to the mentors about the need of using the book for every meeting during the orientation programme for the Mentors. The counsellor is the coordinator of the Mentoring Programme.

Monthly mentors meetings are compulsory and they are arranged for the I UG & I PG students of Shift one and Shift Two. Usually it is the fifth hour of any convenient day of the month that is fixed for the meeting. For Shift One, the meeting is conducted during the Fourth Hour and for Shift Two, the meeting is also conducted during the fourth hour and the meeting lasts for an hour. Prior to the meeting, a circular is sent to all the Heads of the Departments, Coordinators and the mentors, informing about the room allotments and the agenda for the meeting. After the meeting, the mentors and the students are very much encouraged to give their feed backs and suggestions to the counselor. The mentors do refer students to the counsellor to seek for more psychological help to their problems. Besides the formal monthly meetings, mentors are encouraged to meet the mentees informally. The

Work book “Mentoring Through the Year” is kept in the Counselling Centre for referrals. Besides the work book, the counselling centre prepares special materials on Psychological Developmental issues of adolescents and circulates them to the mentors to go through the materials and prepare for the meeting with the students.

Once in a semester, a feed back sheet containing details like attendance, mentoring module, issue discussed, involvement of the students, suggestions by the students and Mentor’s suggestions, is given to each mentor. After the meeting, the mentors return the feed back sheets to the counsellor. After going through the feed backs, the counsellor gives a consolidated report to the principal.

Students’ Grievance Committee

On referral, the counselling centre deals with the grievances of the students and submits the report to the principal and the Deputy Principal as the situations require.

Seminars Organized

- ✧ A two-day training seminar was organized by the Counselling Centre for Students’ Representatives of Shift I & II (*All the Elected Representatives & Nominated Candidates*) on “Leadership Skills”
- ✧ An Orientation Programme for the Mentors on “Mentoring”
- ✧ A Seminar on “Life Skills” for the Non-Teaching Staff
- ✧ An Ongoing Programme for the Mentors on “Mentoring”

Parent-Teachers Meet

Parents-Teachers meeting is organized at the departmental level. The administrators meet the parents and address them. The Counsellor addresses the problems of the students in all the parents-Teachers meeting. After the meeting, the parents disburse to meet the Heads of the Departments and the Mentors of their wards in the places allotted to them. After receiving the feed backs from the Mentors, the parents use this opportunity to voice their opinions, impressions and suggestions to the mentors. The suggestions are recorded.

AICUF

This is yet another epoch making year for AICUF-SJC. A new Ex-Co assumed office in the month of July. The following were elected to unit Ex-Co.

President	: Arun Sesu Raj;	Secretary	: Sarath;
Joint Secretary	: Iniyan;	Treasurer	: Vinoth Christy;
Dalit Coordinator	: Livingston Raj		
NH President	: Periyasamy;	NH Secretary	: Balakrishnan
SH President	: Antony Prakash;	SH Secretary	: Videsh

The election was conducted by Prof. A. Vimal Jerald and oath of office was administered by Prof. Giruba C. V. Chevalsan. The newly elected Ex-Co formally approved Prof. Vimal and Prof. Giruba as the unit advisors in the making. Dr G. John briefed the student leaders about their roles and responsibilities. This year will go down in the history as two of our members were elected to shoulder responsibilities at national level. There are 13 AICUF states and a National Convener or National President is elected from among the member states. Rarely a person from TN gets a chance to be the National president and in a rarest of rare occasion, our unit member B. Rinaldo (10UPH248) got elected to be the national president of AICUF. To add feather to the cap, our unit Advisor was chosen and his nomination was duly approved by the National Council held at Chennai to be the National Animator. SJC AICUF feels very proud of them and wishes them best of luck to bring laurels at the national level.

A lively debate was arranged, moderated by Dr Gurugnana Ambika on the theme of Use of Mobile phones in the Campus: A Boon or Bane! A team of AICUFers argued for and against the issue. A overwhelming majority of students supported the theme on this occasion. The moderator was cautious enough to pass the judgment calling for judicious, restricted and responsible use of cell phones. A large number of students were present on this occasion. We played a host for CERI (Campaign for Electoral Reforms in India) by organizing a one day Conference on Electoral Reforms. Nearly 200 participants were there from all walks of life including CERI officials, Holy Cross and the general public.

To celebrate Eco-Human Solidarity, we organised an event called Go-Green on 28th and 29th September, 2011 to sensitize students community regarding the need to preserve and protect environment. The following events, Green Theatrix, Poet's Corner, Quiz and Gone in 60 Seconds were held and prizes (Plants) were distributed.

This function was organized to bring the spirit of Green Consumerism, Awareness and Celebration of the International Year of Forests.

In the month of February 15 of our unit members underwent a five day rigorous dawn to dusk training programme on 'Mannin Kalaihal' learning the nuances of Kaliaattam, Oyyilattam, Paraiattam, and Street Theatre. They exhibited their learned skills in front unit advisors and State Advisor, Rev. Fr. Stephen, who appreciated the students and called upon the student community to learn and spread the dying 'Mannin Kalaihal'. He positively responded to the request made by Dr G. John saying that TN state is ready to organise such a programme at the state level provided student are ready to sacrifice their holidays so that their academic interest is not affected.

SJC played as host when a French team - IMCS (22 students and 6 Professors) visited Trichy and Madurai as part of the "Immersion India II" organised by National AICUF. Our students staged one hour programme exhibiting the folk arts of Tamil Nadu which was very much appreciated by the French contingent and the National Advisor, Fr. M. G. Selvinraj.

I have tasted of the hidden honey of this lotus that expands on the ocean of light, and thus I am blessed - let this be my parting word. In this playhouse of infinite forms I have had my play and here have I caught sight of him who is formless. My whole body and my limbs have thrilled with his touch who is beyond touch; and if the end comes here, let it come - let this be my parting word.”
