Amidst the midst of thousands of colleges that crowd the columns of history, the name of St. Joseph's College shines like a bright star. The College releases its hundred and second issue of its College Magazine, **Josephite** 2014-15. The Magazine informs, engages, inspires and entertains a diverse readership -- including alumni, faculty, staff, students, parents and other friends of the College -- by presenting an intimate, timely and honest portrait of the College, its people, its programs, its history, its challenges, its resources and its mission. In the originality of its conception, in the excellence of its writing and visual presentation and in its commitment to accuracy, healthy discourse and editorial balance, the magazine endeavours to reflect the values and the quality of the institution itself. By maintaining the respect and interest of its readers, the magazine aspires ultimately to inform their opinion of the College and to strengthen their commitment to its welfare. The magazine provides a panoramic

view of the cultural, academic, sports, literary activities, and achievements of the college. It reflects yet another year of the college every time it is released. It attempts to acquaint its readers with the college scenario in terms of campus and placements, events which left a mark in that very year, and much more through its various sections. The Editorial board is bestowed with ample support from the college management, faculty members and students. The Editorial team gratefully acknowledges the highly commendable and inspiring support of Rev. Dr. S. John Britto, SJ, the Rector; Rev. Dr. S. Sebastian, SJ, the Secretary; and Rev. Dr. F. Andrew, SJ, the Principal. It registers its profound sense of gratitude to all the administrators, teaching and non-teaching staff and students for their timely help in bringing out this **Hundred and second issue of the College Magazine** on time.

*Greetings!*

Josephite 2014-2015 is yet another milestone in the annals of the history of St. Joseph's College. Serving as a chronicle, the magazine truly gives expression to our academic endeavor, levels of progress and our creditable achievements for the year that ended. We as an Institution strive to be different and make a mark. Education is an integral part of the social structure and has become a traded commodity. In the era of globalization, the market place decides the price of education. Hence education becomes an investment. Hence, when demand rises for the same, the price also rises. Investment also has to give good returns, so the subject that gives good returns becomes the choice of many, which in turn leads to fragmentation of the subject usually named specialization. The studies of subjects which do not bring return are looked down

upon. The role of education in refining nature and increasing the quality of life is lost. Given this situation the Jesuit institution by and large and especially St. Joseph's College strives to challenge this approach and keeps social inclusion in Higher Education as its avowed aim and target. The College Annual is fine example of this approach and the present volume bears ample witness to the same.

I wish to congratulate Professor Jayakanth the Editor and his team for the splendid publication. Let me also congratulate Fr. Principal and his team for this erudite publication.

**Fr. S. John Britto SJ**  
Rector

*Dear Friends,*

With immense joy and pleasure I pen these few lines about our College Magazine. It is a clear indication of life and innovation going on in Joseph's College, the temple of learning. The College Magazine containing the creative ideas and production of students and the staff is brought out every year without fail. This is a wonderful opportunity for our staff - teaching as well as non-teaching - and students to actualize and express their valuable potentials and talents in different forms for enhancing the knowledge base of the readers.

At the outset I would like to congratulate the small band of dedicated professors and students who have been strenuously working on this for several weeks sacrificing their time and energy to give shape to this. Undoubtedly all of them deserve our appreciation for their wonderful production. Every year the college

magazine is published in order to encourage the students to actualize their varied potentials and talents and thus to develop the taste for their creative works. At this juncture, I deeply appreciate all the staff and students who have generously come forward to contribute their innovative ideas in concrete forms to embellish this magazine. The readers, I am sure, will enjoy by going through the creative piece of intellectual work of Josephites. Once again I acknowledge the commitment and hard labour of the team and thank them for their generous service. May the Good Lord bless them all abundantly!

**Fr. S. Sebastian, SJ**  
Secretary

Throughout the academic year God has been benevolent to us. I could feel the protective and loving care and guidance of our patron St. Joseph. Whatever effort we undertook, it was blessed and rewarded. Of course, the lion's share goes to the team work of the Staff members. As you flip through the pages of this Annual Magazine, you will come to understand the various efforts the Management took to take the college to the next plane. One such effort was to apply for the Heritage Status. With immense joy and pride I wish to inform all our alumni, benefactors and well wishers that UGC has crowned our St. Joseph's College with the rare distinction of the Heritage Status. As the Hindu reported, it is yet another jewel in the crown of St. Joseph's. And St. Joseph's deserves it. It is the rare distinction because UGC has recognized St. Joseph's as the only college in the State of Tamilnadu to enjoy this great honour and privilege of the Heritage

Status! Though there were six other colleges in Tamilnadu which are more than 100 years old, St. Joseph's was endowed with this great honour - not merely because of our existence for 171 years but also for our outstanding quality service. As I told the media people in the interview, I feel elated when I say that this honour is given not only to the present set of administrators, staff and students of St. Joseph's, but rather to all the administrators, staff and students who passed out of the portals of St. Joseph's for the past 171 years! Yes, it is the great name and legacy that was kept alive by these great men for the past 171 years that has culminated into this unparalleled reputation and honour. All of you have a due share in this great jubilation.

At this juncture I want to place on record my sincere thanks and appreciation to the dedicated team of office bearers and officials who slogged day and night to prepare the project proposal for various schemes and made them successful.

Let us keep the flag of SJC flying high!

## OTHER ACTIVITIES OF THE COLLEGE

### School concept

The novel concept of school system has begun to bear fruit with increased mobility among the students. Thanks to the introduction of common core course and core electives. Through this new endeavour, students are obtaining cross-discipline specializations by opting for courses of other departments within the school. They are now provided with option to earn extra credits through self-paced learning courses and internship. The comprehensive examinations enabled them to fresh-up their knowledge ahead of campus and open placements. The Deans of various Schools can claim a rightful credit for the meticulous planning and immaculate execution of school system without any major hitch, though we have a long way to go.

### Internship Cell

Internship Cell took off well from the academic year 2014-15 with an intention to facilitate Industry-Institute interaction. To begin with, it was made mandatory for all III UG students to have atleast 10-15 days during the Christmas-Pongal holidays. It enabled the students to understand what is expected of them in an industry. The Internship Cell managed to break through the initial hiccups and established a stronghold among the students community; and the cell sincerely believes that it would achieve greater heights in the years to come. We sincerely thank Dr K Alex, Coordinator and Mr. T. A. Louis Stevenson, Assistant Coordinator for their fine performance.

### SAP Programme
