Greetings!

St. Joseph's College, Tiruchirappalli, with its reputed longevity, has stood the test of time in its service to the society, and in a special way, to the disadvantaged sections of the society, providing many opportunities to the students to aspire for and secure prestigious positions in life. JOSEPHITE has been faithfully recording all that has been done at St. Joseph's for the betterment of the society at large. It gives me immense joy to offer my blessings to the staff and the students of St. Joseph's through this medium that carries our legacy to the generations to come.

The academic year 2019-20 started with St. Joseph's adding one more feather to its cap by securing A++ in the IV Cycle of NAAC Accreditation. True to the words of St. Ignatius of Loyola "God's purpose in creating us is to draw forth from us a response of love and service here on earth", the Jesuits have been offering their loving service to the masses in the field of education. The JOSEPHITE has been a testimony to this selfless service rendered by the Jesuit priests, and brothers and the dedicated team of teaching and non-teaching sisters and brothers of the college who work in collaboration with the Jesuits, having imbibed their core values. It is also a storehouse of the intellectual academic achievements of the staff and the students and their notable contributions in their respective fields of knowledge.

With excellence as its benchmark, the college has been a shining example to other educational institutions across the country. The evolving academic and social climate have brought considerable changes in both the technique of teaching and the context of learning. St. Joseph's has always sought to bridge academic brilliance and economic development through social and humanistic empowerment. The institution has provided opportunities for experiential learning and networking with like-minded academicians and entrepreneurs.

I extend my best wishes to the editorial board of the JOSEPHITE for their painstaking efforts and meticulous care to document the activities of the college. I would also like to wish the staff and the students a great and successful journey in the creation of new knowledge, carrying the spirit of magis in our hearts, with the divine intervention of St. Joseph, our patron, and the blessings of Christ, our Lord.

Dr. Leonard Fernando, S.J.
Rector

Hello Friends!

It gives me great joy to offer my message for the College Annual Magazine 2019-2020. When I think of St. Joseph's, Trichy, my heart is filled with joy and gratitude. Till I reached St. Joseph's in June, 2019, my prayer to the Lord Almighty was that: 'Oh Lord, give me a chance to offer my services to my Alma Mater'. I am happy that the Lord God listened to my prayer. Here I am to offer my services to the growth of St. Joseph's – may be in a little way.

I remember reading a story about Zacchaeus, a New Testament personality who arose early every morning and left his house in a hurry. His wife, extremely curious at his strange behaviour, decided to follow him one morning. She watched as her husband took a bucket to the well, filled it with water, and then walked out of the town gates. Zacchaeus stopped at a sycamore tree. There he cleared away all the debris which had accumulated at the foot of the tree. Having done this, he poured the water around the roots, caressed the trunk of the tree and stood in seeming awe, as if he was recollecting that scene and thanking Him. At this point his wife came out of her hiding place and asked him what he was doing. Without hesitation Zacchaeus answered, 'This is where I found Christ my Lord'.

As I set my foot onto the portico of St. Joseph's College on 18.06.2019, I remembered my first day at St. Joseph's College in 1966. I met the Rector for admission. I 'remember'... how St. Joseph's provided me the ambience for my intellectual, physical, emotional, psychological and spiritual growth. I still remember the campus – the ever-green lawns; the hostel mess and the food the hostel provided; the grand Mahe grounds. I still remember how our seniors took care of me; I still remember the names and faces of my teachers. Yes, in every way St. Joseph's, my Alma Mater, touched me and I have grown to this level. I remember the way in which the Jesuits of yesteryears showed kindness, generosity and understanding towards the students. Even though 54 years have passed by, I cannot forget the kind gesture of Fr. Alapat, who taught me Logic. On the last day, I went to thank him; he in turn gave me not only his blessings but also some money for my travel. I was surprised to see his gesture. He advised me, 'Be a good Jesuit' - for he knew that I was a Jesuit candidate.

Here I am after 54 years, vividly remembering my past life at St. Joseph's and thanking God for the blessings He has showered on me through St. Joseph's. In a little way I want to pay back what I have received from St. Joseph's. I want to offer for the intellectual, emotional and spiritual growth of the students. At least in a little way to offer my strength for the environmental growth of the campus and the maintenance and cleanliness of the campus.

My wish and prayer for St. Joseph's is to scale greater heights. May St. Joseph's produce many more Presidents, great Scientists and honest, erudite citizens for the country. Long live my Alma Mater.

Rev. Dr. S. Peter SJ
Secretary

Greetings!

A tiny mustard seed, St. Joseph's College (SJC) with its humble beginning in 1844 with three French Jesuit missionaries, celebrated its completion of 175th year saga of empowerment this academic year. The jubilee motto was Remember - Rejoice - Reach out. SJC remembered and rejoiced its glorious past and rededicated the college to reach out to the marginalised in the fast-changing academic world. The college gratefully remembered all who built this temple of higher learning particularly the early French Jesuits, the pioneers of higher education in India. True to its noble ideal, Pro Bono et Vero (for the Good and the True), SJC has always upheld, cherished and radiated goodness and truth in its endeavours to impart quality higher education. Pursuing such a noble ideal, SJC has placed equal emphasis on intellectual training and moral formation.

The college has grown leaps and bounds with the grace of God and through the powerful intercession of St. Joseph, our patron. In this Jubilee year, the College has set a new benchmark for all colleges in the country by being the first Arts and Science College to get A++ in the IV Cycle in the robust new format. The academic year 2019-20 was vibrant with activities as we concluded the dodransbicentineal year celebrations in a grand manner in September. International colloquia, the grand Marathon, the Mega job fair for the disabled, the exciting two-day exhibition and an impressive national debate for college students are some of the special events hosted by the college.

Down the years through the meaningful engagement, the institution has given more emphasis on the all round character formation of students and it is manifested in the fruits of its proud alumni who are spread across the globe as statesmen, renowned academicians and educationists, acclaimed jurists, dedicated policy makers, committed social activists, prominent physicians, sports persons, media celebrities, leading entrepreneurs and businessmen. The contribution of the college to nation building in many spheres is commendable and duly acknowledged by many.

An unwavering commitment to this noble profession, team work in all the initiatives, pooling the resources in order to maximize all academic capabilities and attainments, optimising all creative potential for the growth and development of the student community have been part of the tradition of St. Joseph's. The college, with renewed vigour, is marching ahead in actualising the mission of Jesus through the educational apostolate.

EDITORIAL

We are proud to bring to you the college annual magazine 'Josephite 2019-20'. Working on it has been a unique experience because from cover to cover – including formatting and designing was done by the workforce available in the college. Documenting the myriad of activities held on and off the campus has been even more challenging this academic year. The year started with a lot of excitement especially that of preparing for the NAAC Peer Team Visit. Consistent update, meticulous planning and dedication paid off as the college became the first autonomous arts and science college in the country to secure the highest-grade 'A++' in the accreditation process. It served as the icing on the cake as the college was gearing up for the grand valediction of the dodransbicentennial celebrations.

Every year, the pages dedicated to facilities and staff achievements increase substantially only to suggest that the college grows consistently. The number of research articles published in the indexed journals, the curricular and co-curricular programmes hosted by the college for the administrators, the academicians and the students are wide-ranged and intense. The 'Marathon: Run for Your Favourite Teacher' caught the attention of the public as around 5600 participants from children to elders made the event one of the favourites.

Due to COVID 19, the college was closed down abruptly and it had impacted the events scheduled especially towards the end of the academic year. Especially, the department-wise group photo session and the College Day celebrations were cancelled because of the nationwide lockdown. Nevertheless, the editorial team has tried its best to present the events which took place in the best possible manner.

I thank the Management for their constant support in all our endeavours and a special word of thanks is due for Rev. Fr. Principal for his constructive feedback and encouragement. I would also like to thank Dr. Rose Venis, the IQAC Coordinator and Mr Venkatesh for providing the data required for the magazine; Mr. P. Padmanaban, Ms. Virgil Marian Garrett and Ms. Reshma Janarthanan T.J. for collating the data. Mr. Mark Glasford for proofreading the document; and Mr. Chris Alwin and Mr. R. Maria Kaisar Aaron for carrying out the corrections.

ANNUAL REPORT

My heart brims with gratitude in remembering the triumphant academic year we had. This jubilant academic year bestowed countless blessings upon us and I feel proud in this recollection. At the commencement of this academic year, our college was crowned with yet another jewel of honour: St. Joseph's has been accredited at A++ with 3.58 CGPA in the fourth cycle of NAAC being the first college to receive this highest rank in the state which would have been impossible without the tremendous efforts and unrelenting support rendered by our officials, Teaching and Non-teaching staff, Alumni and Students. I offer my sincere thanks to each one of them who contributed enthusiastically to adorn our college with this incredible success.

Remembering the services of our pioneers, the foundations they've built over the years and their remarkable contributions in the field of education have been the motivation for us to grow higher and higher. We progress every day following the footsteps of our forefathers working towards the mission of educating young minds and to inspire them to become humane adults. With joy and thankfulness to the noble deeds of the French missionaries who gave birth to this proud institution, the administrators who have been the catalysts of the growth we see today, and the illustrious alumni who have been radiating the light of St. Joseph's all over the world, we celebrated the grand valediction of the Dodransbicentennial year celebrations on 27th and 28th of September 2019. Through this celebration, we remembered the glorious past, rejoiced at the advancement of St. Joseph's in academic excellence and reached to the marginalized in building together a society of peace and harmony through various

programmes all through the year. I wholeheartedly thank you all for the excellent conduct of the celebrations.

As W. B. Yeats says "Education is not the filling of a pail, but the lighting of a fire", the academic environment we provide should never stop with giving knowledge, but it should pave the way to think and create a better world for tomorrow. With this desire in heart, we set forth our future goals in years to come.

This has been one of the memorable years filled with victories and celebrations. Thankfully remembering God for his infinite blessings, I feel elated in presenting unto you the annual report of our college that has leapt into its 176th year.

BOTANY

The department organised a DBT – Star scheme sponsored program titled “HERBOFEST 2K19 with the theme of Way to healthy life” on 25th September 2019. The main objective of “HERBOFEST 2K19” was to create awareness and promote the importance of medicinal plants and their applications among the student community. Trichy Obstetrics and Gynaecological Society (TRIOGS) and department of botany organised a National Seminar on Human Microbiota – An Ecological Approach. The microbiota comprises of a variety of communities, the composition of each being dependent on body site it inhabits. An intercollegiate technical symposium titled “PHRASTAFEST T20 with the theme of Nature our Future” on 12th February 2020 was conducted as a tribute to Theophrastus, the father of Botany. The department also conducted three intra and intercollegiate quiz competitions.

A lecture was delivered by Dr. Sheeba Joyce Roslene, Assistant Professor (Entomology), Anbil Dharmalingam Agricultural College & Research Institute. Honey Bee's taxonomy, structure of Hive, caste, and the mode of collection of honey. The students went for the field demonstration of bee keeping with bee colony.

The association of Botany was inaugurated by Prof. Hermon Carduz, Assistant Professor, Dept. of Human Excellence, St. Joseph's College (SJC), Trichy on 29th July 2019 and he delivered the inaugural lecture on “Discover a Path to Our Vision”. Final year students of UG, PG and Scholars were the beneficiaries of the meeting. The 50th Rev. Fr Balam Memorial Lecture was held on 23rd September, 2019 in the SAIL Auditorium. Dr P. Suresh Kumar, Professor and Dean, Department of Biotechnology, Regional Campus, Anna University, Tirunelveli, delivered a talk on “Unraveling the Metabolomics of Phyto drugs in Drug Delivery and Development”. A large number of students and staff from SJC and the other neighboring colleges participated and interacted with speaker.

A Special Lecture on “Importance of Ethnobotany for Drug Discovery” was organized on 4th December, 2019. Dr. G.S. Seethapathy, Post-Doctoral Fellow, Morgan State University, Maryland, USA, delivered the lecture and later briefed on different scholarships available for Ph.D programme abroad. Dr. M. Mahendran, Director, Training, Placement and Corporate Relations, SJC delivered a talk on “Career Opportunities for Life Science Students” on 24th January, 2020 exclusively for the Final year students. The 2nd Mrs. Thanapakiam Robert Jeyachandran Endowment Lecture on “Recent Advancement in Banana Tissue culture and Molecular Genetics” was organized on 6th February, 2020. Dr. M.S. Saraswathi, Principal Scientist, National Research Centre for Banana (ICAR), Trichy, delivered the lecture. The students of Biotechnology and Botany attended the meeting and benefitted. Under School of Biological Sciences of SJC, Dr. Praveen Balabaskaran, Assistant Professor, Department of Epidemiology and Public Health, Central University of Tamil Nadu, Thiruvavur delivered a special talk on “The Novel Corona Virus (2019-nCoV) and its Challenges” on the forenoon of 13th February, 2020 at Community Centre. Our alumnus Dr. Aalfin Emmanuel, PDF Scholar, Korea Maritime and Ocean University, Busan, South Korea delivered a lecture on “An Insight on Basics of Meta

Genomics” on 17th February, 2020. He also threw light on ways of getting financial assistance through various schemes to do Ph.D abroad. Three Quiz programmes namely Dr.IAS (Inter-collegiate), Prof. V Rengarajan Endowment (Intra-Departmental) and Prof. V K George Endowment (Inter-Departmental) were conducted in the department during the month of February, 2020. The valedictory function was held on 24th February, 2020. Dr. H. Abirami, Dean of Science, Cauvery College for Women (Autonomous), Trichy, delivered a talk on “Plant Taxonomy-Morphology to Molecular”.

In addition to the association activities, the department conducted seven different DBT (STAR scheme) sponsored workshops for undergraduate students on different aspects of Biology (360 participants) including Science exhibition (4,600 Students). The giant Dino and anaconda models were created by the students which received overwhelming response among the visitors. Nearly 6000 participants from various schools and college visited the stalls installed by the department. A national seminar on “Mycobiota” in association with Trichy Gynecological Society and one Technical symposium on “Pharastofest” were organized by the department. Students from various colleges of Tamilnadu were the participants. An Endowment Fund for rupees 20000/- in the name of V.Ganapandithan and G. Prema was instituted by Mr. G. Sankar to honor the outstanding students of Botany based on their merit. Thirty students enrolled and successfully completed the value-added course on ‘Horticulture and Landscaping’.

Hands on training on electrophoresis was given to every participant. Also, the participants were introduced to the principles and applications of various instruments available at the Archbishop Casmir Instrumentation Centre. The students were given the demonstration of the instruments such as scanning Electron Microscope (SEM), High Performance Liquid Chromatography (HPLC), Ultraviolet-visible spectroscopy (UV-Vis), Fourier-transform Infrared (FTIR) Spectroscopy, Fluorescence spectroscopy and Particle Size Analysers.

The students of the department were instrumental in developing a herbal based mosquito repellent and development of self employment for rural people – “lab to Land Approach”, under the guidance of Dr. H. David Raja. Four Botany students and an assistant professor from St. Joseph's College here have developed an eco friendly sanitary napkin with plant-based fibre as the principal element. The Department is awaiting the patent for their napkin which can be produced for just Rs. 2. Terming it a path breaking innovation which will help marginalised sections of the society, T Francis Xavier, Assistant Professor of Botany department, who guided the students, said that the napkin had double the absorption capacity than ordinary napkins.

Students learnt the new methods in plant propagation and also learnt the art of indoor gardening. Techniques like cutting, grafting, pruning, bonsai and layering were practised during the practical sessions. Landscaping principals, planning designs for house and industrial garen, avenue planting were practiced.

The department practices Teaching, Learning and Evaluation by making use of digital tools such as ICT classrooms, online tests, Online tutoring, Video lectures, E-Tutorials, Web blogs and Demonstrative lectures at Laboratories. 14 demonstrative lectures were delivered on recent technologies by our own alumni working for Corporates. There were 53 publications internationally; both Scopus indexed and UGC approved journals and conferences. Two of our faculty have passed the NET of UGC. Totally 29 Guest Lectures were delivered by our Faculty to other institutions and 10 are serving as members of BoS, Academic Councils and other professional bodies. Our Faculty members act as Review members of International Journals of repute. Three Minor Research projects were completed with the assistance of more than Rs. 6 lakhs by UGC. A state-level seminar and two workshops were organized. There were two Endowment Lectures on recent technologies by experts from NIT-Trichy and Sastra University. The Department added 64 E-contents in the form of E-materials, books and presentations to its repository. The Department is glad that it has produced 10 PhDs and 9 theses were submitted for this academic year. A MoU was signed between our Department and 'Arclines-Visualise Beyond' a Virtual Reality Company, to give our students a rich exposure of Virtual Reality. More than 40 students, both UG and PG have been placed in different companies through on and off campus placements so far and we hope to have more students recruited in the near future.

The Department caters to the academic needs of slow learners by conducting special coaching during out-of-class hours. The

students are enlightened with Programming Skills with the help DBT-Star Scheme. A technical Quiz and special soft-skill training were conducted with the assistance of the same scheme. The Department began the spadework to organize an international conference with IEEE of USA in December 2020.

ELECTRONICS

The department has excellent infrastructure including separate U.G and P.G laboratories to facilitate the graduates with latest trends and to give learning a practical dimension. The curriculum is designed to acquire expertise in embedded system and provide practical exposure on the same. The department has always been on a progressive path. The experienced and dedicated faculty members, who have a strong commitment towards providing quality education, help to produce globally, competitive and socially sensitized UG and PG graduates and to bring out quality research in the frontier areas of Electronics. The graduates are trained skillfully and are motivated to express their creativity through our annual electronics exhibition "JOSELEX" conducted

once every academic year. In the context of sharing knowledge, consultancy services are offered to various departments inside the campus as well as outside the campus. On 8th August 2019 an International workshop on Recent Advances in Electronics was conducted. The Resource person Dr. A. Jamaludeen, Asst. Prof., Dept of Engineering, Ibla College of Technology, Sultanate of Oman delivered the lecture on "Design and Development of Android Apps using MIT App Inventor", Mr. M. Rajesh, Lecturer, Dept of Electrical & Electronics Engineering, Bahlah Training Institute, Bahrain delivered a lecture on "Understanding Trends in Embedded System by Evaluating Real World Products". Dr. A. Jamaludeen, handled a technical session "Hands on Training with Apps and Development".

VISUAL COMMUNICATION TECHNOLOGY

The department exposes the students to the ever-growing media industry by inviting industry experts for workshops, seminars and induction programs. We encourage the students to develop and exhibit their talents in competitions organized both within and outside the college. A workshop on 'Nuances in film making' with Mr. Manikandan, Director of 'Pencil' movie was organised. S. Ravikumar, a veteran theatre artist and an actor trainer, conducted an acting workshop to all students of the department. A workshop on street theatre for the students of first year B. Voc. and B.Sc. Visual Communication was organised. Mr. R. Hercules and Ms. A. Raji, full-time members in the Tamil Nadu division of All India Catholic University Federation were the resource persons. A two-day workshop was organised by Rev. Fr. James Thamburaj SJ, a renowned artist and former Principal and Rector of Loyola College, Chennai. A special workshop on "Print and Digital Advertising" was organised by Mr. Koushick Savio, A Senior Executive in the marketing department of The Hindu, a national daily. The department organised a two-day video editing workshop, with MR. Vinod as the resource person. A special two-day workshop was organised on Camera Operation by Mr. Renish, a veteran photographer and videographer. A one-day Photo Walk in the heritage sites of Trichy, Srirangam and Rock Fort, was organised

to provide field exposure. Apart from these, regular movie screenings were organised, where classic movies by the masters such as 'Modern Times' Charlie Chaplin, to 'Parasite' the Korean sensation were screened. The students were encouraged to analyse and discuss the movies.

Many of our students have won laurels by taking part in inter and intra collegiate competitions.

Our students have been placed in prominent media channels like Kalaingar, Vijay TV, Zee Tamil and our working as assistant directors in the media field.

The collaboration activity with VP studios enables the students for field training and on campus placement. Around 10 students from Visual communication have been selected for placement after successful training.

COUNSELLING CENTER

Psychological Counselling & Mentoring: Counselling & Mentoring practice at St. Joseph's College is committed to help, boys and girls who in their teenage and young adulthood, go through an emotional roller coaster. College boys and girls, in their anxiety to grapple with problematic situations, more often than not oscillate between healthy and unhealthy behaviors. The rapid changes in the biological, social, psychological, emotional, behavioral, and spiritual spheres make them very vulnerable. Hence the students' counsellors identify the core areas which need greater diligence and sort out the professional and phases out program of mentoring and Counselling to the students of the college.

Counselling: There are three levels of Counselling. They are: 1. Peer counselling 2. Mentor counselling and 3. Psychological counselling. The discussion, dialogue and friendly sharing and guidance on multiple issues in an informal structure is peer counselling. Mentor Counselling is offered to students both informally and in the structured manner. Psychological counselling is a process that opens the doors of one's mind to talk to a Professional helper leading to the emergence of self-knowledge,

truth, freedom and self-actualization. There are two Male Counsellors and a Female Counsellor working in the counselling centre. Students, parents, staff members have benefitted from psychological counselling for their personal, interpersonal and professional concerns & problems.

Mentoring: Another unique healthy practice of SJC, is Mentoring. Mentoring is a valuable strategy designed to offer the Mentees (students) with BASIC ID (Behavior, Affective, Spiritual, Imaginative, Cognitive, Integrative and Dependent tendencies). By providing information, guidance, accompaniment and encouragement, mentors play a very significant role in nurturing and shaping the lives of the college. A teacher as mentor provides a young person with support, counsel, friendship, reinforcement and constructive example that a young person is longing for. Mentoring for students in St. Joseph's college is directed toward helping them feel connected to the campus community and experience a sense of belonging that optimizes for improved student outcomes.

CLIVE'S HOUSE

Spiritual Formation: Forming Our Men to be Rooted in Ignatian Spirituality and Credible in Life and Mission, the Scholastics of Clive House came up with three distinctive plans:

a) Recollection on Ignatian Themes would be given by experts on Ignatian Spirituality once in two months. As a part of implementation, Fr. Thamburaj SJ gave a recollection on the theme "Mother Mary and Ignatius" on 19th July 2019 which was followed by the novena to St. Ignatius of Loyola on different creative Ignatian themes. In August '19, Fr. Thamburaj SJ again conducted a meditation on creative paintings relating to Ignatian contemplation. Prof. Hermon, Dept. of French, SJC shared his views and expectations on the theme, "My Expectation of a Jesuit - a Lay perspective" in Sept. '19. On the occasion of Christmas, Fr. Dominic Jeyakumar SJ gave a recollection talk on "Ignatius and Incarnation". Then, Sr. Catherine, SCC shared her expectation of Jesuits from a religious perspective in January 2020. This was followed by a recollection by Fr. Maria Soosai on "Relevance of Sacraments on/for the religious."

b) Table reading on Fridays during supper on the theme "Ignatian Spirituality" was introduced from 12th July 2019. The books chosen for this purpose are: "Jesus: CEO by Laurie Beth Jones", and "Ignatius of Loyola: Founder of the Jesuits by Candido de Dalmases SJ". The Scholastics maintain silence along with reflection during the table reading.

c) Community prayer on Ignatian themes on Wednesdays has been successfully implemented since 7th August 2019. This initiative has profusely benefitted the scholastics to grow in intimacy with Ignatian spirituality.

Inter-Personal relationship: Faith sharing among scholastics in living groups and year wise groups which aimed at their solidarity

and better understanding of each other were the motto in developing the inter-personal relationship. Scholastics have been divided into living groups for the effective functions of the activities of the community. So, on 13th July 2019 they went out of the campus to the places of their own choice for faith sharing in living groups. They, also went in year-wise groups for the same purpose on 16th February 2020. It has been very helpful for them to know each other. We travel to a different place on tour, once a semester, to get the wider exposure of the world and to enhance the relationship between one another in the community.

Sessions on Inter-religious Harmony: As the fourth PAP suggests promoting 'justice, peace, reconciliation' and secular values in response to all forms of fundamentalism and casteism, the community came up with a plan to invite people of other religions to address the scholastics to make them aware of other religious faith and instil in them the spirit of religious harmony. Thus, Dr. Lakshmanan from Srirangam gave a talk on inter-religious harmony on 05, Sept. '19. Another talk was delivered by Rev. Eileen Thompson, an Anglican Priest from Scotland on Evangelization on 25th November 2019. The challenges we faced in implementing this plan was to identify persons who could talk on other religions with the medium of English.

Intellectual Formation: Forming our men in the view of integrating their studies with the society we live in, Scholastics were given opportunities to write articles on social and religious issues and to bring out the writings in the form of magazine which will be released during the farewell celebration of the out-going Scholastics.

Awareness on Social aspects: As per the first priority of the province apostolic preferences -empowering the Dalits,

especially the Dalit Christians tribals, refugees, migrants and other marginalised, disadvantaged groups, the Scholastics came up with a plan to conduct awareness programmes on two themes:

- women empowerment and child marriage
- Education and cleanliness. In order to implement these plans, weekend ministry on Saturday has been initiated at Mullaikudi parish (besides our parish, old age home, children's home, tribal ministry, gipsy ministry). In addition to that, study centre at Devarayaneri has been initiated. On learning the problems of child labours, child marriages, and lack of cleanliness, the Scholastics conducted an awareness programme on the above-mentioned themes at Devarayaneri on 14th September 2019. They performed a street play, folk dance and sang few awareness songs to open up their eyes in the aspect of child literacy and empowerment of women. They also organised another awareness programme at Venice Street on the same themes on 28th November 2019. The challenges faced in implementing this plan was that we were unable to go for ministry continuously due to community programmes and working days on Saturdays.

The community has also taken into consideration the third priority of province apostolic preferences. i.e. providing holistic and integral formation to youth to be agents of social transformation. To give a concrete expression to this plan the Scholastics have decided to conduct a one-day seminar to motivate the youth from ministry places in January 2020.

Protecting our Common Home: To concretise the second priority of the province apostolic preferences- preserving and protecting the environment and the safeguarding the rights of those affected by environmental degradation, the scholastics of Clive house set goals of making Clive house an eco-friendly campus and spreading awareness and safeguarding nature in wider level. In order to attain these goals, the Scholastics discovered following ideas:

- Retaining and reusing the used water for garden purpose by building a small tank to collect the used water from the common bathrooms. The study was being made about the construction with the help of the Engineer.
- Installing solar panels will be done by July 2020
- Planting more saplings at Clive's and avoiding plastic. In order to execute this plan, the community has taken an initiative to avoid plastic cups and plates. As the next goal suggests, spreading awareness and safeguarding nature, the scholastics organized an awareness program in the college on 3rd December 2019 on Ecology where a few scholastics delivered some motivational talks to the students on the topic "The Mother Earth- Save how? Save now?" In addition, they have also decided to conduct another awareness program on Ecology in ministry places and also during BALA MELE.

The Community members are in full of spirits and enthusiasm to grow as an integrated person with holistic view in order to serve the marginalised people and to be men of God and men for others for the greater glory of God.
