

Leadership Training for Students Representatives

Objective:

- To acquaint the students with various leadership qualities
- To help them to interact and development interpersonal relationship with students from other departments
- To become familiar with the expectations of the management and the responsibilities of the students

After the students representatives election it is customary that every year the Counselling Center organizes A Leadership Training Programme for the all the elected Students Representatives. Motivation talks on Self-Discovery, Goal Setting, Decision Making, Interpersonal relationships, Personality Development and leadership skills are given by the experts. During the programme many activities centered around on the topics are conducted. Students are also given an opportunity to chalk out their annual planning for the students' community. In this process, we have helped the students to become aware of their leadership qualities and carry out the same in their day today life as student leaders.
